Start instant audio meeting on Meetings for Windows

### Step 1: Click the Start without video button on the homescreen of RingCentral Meetings.

### Step 2: Select an option to join the audio to the meeting:
- **Phone Call**: A number is provided for you to call and join the audio to the meeting.
- **Computer Audio**: Your computer microphone and speaker will be used for the meeting audio.
- **Call Me**: Your number will be called by RC Meetings for you to join the meeting audio.

#### A. Join your audio by calling a number

**Step 2A**: Join the audio by calling the number given by the application as shown:
- Select the option **Phone Call**.
- Call the given number from your telephone.
- Enter the **Meeting ID** with the dial pad.
- Enter the **Participant ID**.

#### B: Join your audio by computer mic/speaker

### On this page
- **Joining your audio to a meeting**
  - A. Join your audio by calling a number
  - B. Join your audio by computer mic/speaker
  - C. Join your audio by answering an incoming call

### Tips
- Select Single Sign-On option to Sign In.
- When you are not speaking during a conference call, use the mute option to eliminate background noise.
- Avoid echoing by using headset with microphone.
- Default Deactivate video from Settings if you prefer to join meetings without video.
- Sync your system calendar with Meetings to get notifications of upcoming meetings.
- If sharing screen from a multi-screen setup, keep Meetings application on the screen you wish to share.
- Use Meeting Password while scheduling private meetings.
