Start instant audio meeting on Meetings for Windows

Step 1: Click the Start without video button on the homescreen of RingCentral Meetings.

Joining your audio to a meeting

Step 2: Select an option to join the audio to the meeting:

a. Phone Call: A number is provided for you to call and join the audio to the meeting.
b. Computer Audio: Your computer microphone and speaker will be used for the meeting audio.
c. Call Me: Your number will be called by RC Meetings for you to join the meeting audio.

A. Join your audio by calling a number

Step 2A: Join the audio by calling the number given by the application as shown.

- Select the option Phone Call.
- Call the given number from your telephone.
- Enter the Meeting ID with the dial pad.
- Enter the Participant ID.

B: Join your audio by computer mic/speaker

Tips

- Select Single Sign-On option to Sign In.
- When you are not speaking during a conference call, use the mute option to eliminate background noise.
- Avoid echoing by using headset with microphone.
- Default Deactivate video from Settings if you prefer to join meetings without video.
- Sync your system calendar with Meetings to get notifications of upcoming meetings.
- If sharing screen from a multi-screen setup, keep Meetings application on the screen you wish to share.
- Use Meeting Password while scheduling private meetings.
